

Dad

You taught me right from wrong
And in my heart, I hear your song
So many things, you taught me how to do
And there's a little boy in me
Who still wants to be like you

And there's no man stronger
No one wiser
The only hero I've ever had
And the proudest I've done
Is just being the son
Of the man that I call
"Dad"

The bravest man I've ever known
You taught me how to stand alone
And in your kindness, I've seen you give and give
It taught me how to love
And it taught me, how to live

CHORUS

You always see the good side, life never gets you down
It's hard to be unhappy, whenever you're around
If I could have just one thing
I know what that would be
That the way I lived my life
Had made you proud
Of me

CHORUS

OUTRO, "Dad's" theme
